Vision & Funding Deck

Empowering Minds Through Creativity, Frequency & Conscious Tech

Our Mission

We create immersive art, frequency-aligned music, and therapeutic technology to promote emotional awareness, mental health, and human potential.

Mission: To empower individuals through creativity and connection, while advocating for mental wellness and biofield-aligned innovation.

Why This Matters

- 1 in 5 adults experience mental illness yearly (NAMI)
- Creative expression is proven to support emotional resilience
- Growing demand for integrative, frequency-based wellness tools
- Bridging art, science, and spirit to support transformation

Current Projects Seeking Funding

Phased Perceptions: A 7-piece blacklight art series exploring emotional states, bipolar perception, and psychedelic healing.

Chronoshift Reverie: An 11-track album of trance music

Our Ask

We are seeking \$1,950 in startup funding through grants, sponsorships, or aligned donations.

Breakdown:

- \$500: Art supplies & framing for Phased Perceptions
- \$600: Mastering, licensing, and physical rewards for Chronoshift Reverie
- \$350: Studio equipment + gear upgrades
- \$300: Website, security, and hosting costs
- \$200: Legal, branding, and marketing support
